Overview

A surveillance system deploying 46 pcs of Milesight products is built up in Palmiera, Kinrara Residence, a mixed residential development. The superior performance and the ease of installation of Milesight products greatly secures the road safety inside the residential area.

Background

Kinrara Residence is nestled in the fast growing Puchong vicinity, right next to the breathtaking and pristine Ayer Hitam Forest Reserve. Enjoying the unique advantages, Kinrara Residence offers a unique combination of gorgeous landscape and convenient facilities. The latest addition to it is Palmiera that consists of 2 and 3-storey semi-detached homes. For this kind of upscale residential, the highest level of security is critical. So the well-operating Milesight surveillance system is deployed to provide residents with the ultimate experience.

Challenge

The towering lamppost, inconsistent weather condition and colossal trees height all made the installation not a easy task. Thanks to the easy deployment of Milesight products and the hard work of the workers, the installation work finally carried out successfully .

Solution

Residential management authorities chose us for Milesight's continued excellent & high quality products or services Based on the situation of Palmiera, Kinrara Residence, a surveillance system with 46 pcs Milesight products are deployed, ensuring the residential safety.

PTZ & Panoramic Bullet Camera, Zero Blind Spots

Milesight PTZ Bullet Camera and Panoramic Bullet Camera are deployed to monitor the road activity inside of the residence area in real-time. With the flexible pan, tilt and zoom tasks, PTZ cameras allow the all-round and distant but still clear monitoring. Meanwhile, the panoramic cameras offer wide area coverage and panoramic monitoring, greatly deterring suspicious activities and giving residents peace of mind.

Diverse and Powerful Functions, You Can Rely on

With embedded AI algorithm, Milesight cameras support various VCA events, which can alert the operator of detecting predefined events in real-time. Besides, the easy installation and adjustment eased the difficult situation the team met. Plus with IP67 and IK10 proof, Milesight cameras are also well protected against the inconsistent weather condition and ensure the reliable performance.

Easy-to-use Central Management, 24x7 Protection

Milesight 4K H.265 Pro NVR 7000 is used to enable the central management and monitoring of all the cameras, which could help the guards to be more efficient by allowing them to concentrate on real threats via monitors.

Result

Milesight surveillance solution has won high praise. " I am glad that we could install a highly reliable CCTV for this area as it will ensure everyone in this residence to live peacefully"
